Comments: Under the preferred alternative, road construction and mining operations would cause serious impacts to the River of No Return Wilderness, including noise audible from a nearly 2-mile radius, wildlife disturbance and displacement, increased access to and activity in what are now quiet and lightly-visited places in the Wilderness, and sediment pollution in streams within the Wilderness.

We all have to work together in order to Protect and SAVE OUR Wilderness and Environment. We all need to stop the senseless Destruction and Poisoning of OUR Wilderness and Environment in the name of Ignorance and Greed.
