First name: Gail

Last name: O'Dell

Organization:

Title:

Comments: As a local and frequent user I am horrified by the plan. Losing valuable habitat, the idea of motorized boats and their noise and pollution in pristine waters and area, and the expansion of parking (again taking away the natural surroundings which we love and enjoy) will greatly impact the enjoyment of the Park for locals. Please do not move forward with this plan. Almost all of the local people do NOT support this!
