Comments: I am strongly opposed to the granting of a permit for a massive strip mine at the Payette National Forest -- more specifically, I oppose the strong possibility of destruction to the Frank Church-River of No Return Wilderness and the East Fork of the South Fork of the Salmon River in Idaho. These areas cannot be put in danger. Perpetua Resources wants to reopen and even expand the mine pits and yet they have not cleaned up this area from damage from previous mines.

Please take my opposition in mind when deciding to grant this potentially lethal mine.
