First name: Elizabeth

Last name: York

Organization:

Title:

Comments: The Forest Service needs to deny the mine permit for Perpetua Resource's Stibnite Gold Project and require Perpetua to finish cleaning up the mine site.

Road Construction and mining operations would seriously impact the River of No Return Wilderness. Endangered species in the rivers are already fighting for survival from earlier mining projects. The Nez Perce Tribe has been cleaning up the area and this project will exacerbate the toxic situation that they're trying to eradicate. We need to protect our land. Your motto is "Caring For the Land and Serving People," and I'm asking you to respect that promise. Thank you.

Sincerely, Elizabeth York
