Comments: I strongly oppose the Stibnite Gold Project. The risk to wildlife, watersheds, and indigenous groups is far too high.

With all my heart, I oppose the Stibnite Gold Project because of its inevitably negative impacts to one of the most pristine areas in the world. Not only is the Stibnite Gold Project going to scar the area, it will also harm the people and wildlife that rely on the watersheds of the Salmon River.

As a taxpayer and wild lands cherisher, I implore the Forest Service to stop the Stibnite Gold Project. Thank you for your consideration.
