First name: Elizabeth

Last name: Duke-Moe

Organization: Youth Salmon Protectors

Title: Co-Director

Comments: Perpetua Resources' proposed project would destroy over 20% of critical habitat for chinook and bull trout in the project area. I am a 19 year old college student and I grew up surrounded by these rivers and I would like to be able to return to them. Idaho has the largest protected area of wilderness in the lower 48 states. We can not, as citizens of Idaho, let the founding identity of our state be polluted. Save the salmon.
