Comments: Dear Supervisor Jackson,
This correspondence is in regards to the Stibnite Gold Project EIS #50516. As a citizen, father, biologist, and physician, I strongly oppose the project described in your public information. History has shown most profitable endeavors have been environmental catastrophes. Even with a myriad of assurances by the developers, disaster happens. The area in question, the Frank Church Region, is much too pristine and precious to be subjected to historical fate. Again, I request that this project be curtailed. Cordially yours, Gilbert R. Escandon, M.D.
