Comments: Please work to save this beautiful shelter. If other similar buildings and structures can be saved, this one can be rescued. There are so many people and organizations that are willing and able to help save this shelter that it seems dishonest and disappointing to simply tear it down. Listen to the community in favor of saving this shelter, rather than taking the easy way out and tearing it down. I'm hiking the trail in 2023, and am sincerely hoping to, at the very least, see this shelter preserved and in place.
