Comments: I am opposed to the proposed gravel pit in the Jackson Mountain Landscape Project #61809 for various reasons. One reason being the very close proximity of the residential community of San Juan River Village. The adverse traffic, noise and environmental effect that such residential community would suffer are too significant to ignore, especially when such project can effectively be implemented in a location where residential communities would not experience such adverse impacts. Another reason is the adverse effect that it would have on proposed trails and wildlife in the immediate area.
