Comments: Hi Megan ; Nice work on addressing the issues at Alta Lakes. Comments: Since the development of the magic meadows trail that ends at the beginning of the Alta lakes road and Telski not allowing access to Alta lakes without buying a Bike pass(except early in the morning) the need for Summer parking at the highway 145 beginning of Alta Lakes road is needed. Presently parking is often full on non existent if one was to bike up the Alta lakes road to access the top of the bike /hike trails. I understand the parking is for commercial use only that is there now , but perhaps the public could use it in the summer. I agree with you that ANY plan for Alta Lakes camping has to have a way for people to know if there are available camping sites open BEFORE they travel up. Is a ' phone reservation only " a solution - or a Camping board sign at 145 /alta lakes where you pick your tag for say SITE # 13 and return your Site #13 tag to the camping sign upon leaving ? that would require a very large reminder at the bottom of alta lakes road saying . STOP ! DID YOU RETURN YOUR CAMPSITE NUMBER TO THE CAMPING BOARD FOR THE NEXT PERSON! Perhaps you have come up with a way for CAMPERS to know BEFORE the head up a mountain road if there is indeed camping available . Alta Lakes is is but one place that is afflicted by campers driving all the way in only to find no space to camp and driving back out. Thanks for your work! greg stob
