Comments: I grew up in Pittsford, VT and spent most of my life there I am very familiar with the area from Brandon Gap to the Chittenden Reservoir area. I have hike the Long Trail in that area.

I am against any logging in that area as these types of areas provide habitat for do many species, are good for our climate, and an area that should be protected for all Vermonters and the American People. Our rural lands are precious and should be left in a wild and natural state.

Thank you. I hope you decide to leave it alone.
