Title:

Comments: I support:

Expansion of the trails in the Dredge Lakes area and a trail from visitor center to a bridge to the campground.

New trails on the west side of the lake and expansion of parking for ski trails.

A new welcome center away from the lake near the current bus parking area.

Improvement of trails to waterfall and the Steep Creek area.

I do not support:

Any boats from the visitor center to the glacier face.

An expanded visitor center blasted into the hill by current visitor center.

Please try not to over develop the area. The fish, birds and animals depend on leaving the area as wild as possible. Visitors are thrilled to see bears, eagles, and spawning salmon.
