Comments: I am writing to voice my strong objection regarding the location of the proposed Jackson Mountain Gravel Pit. I am in full agreement with San Juan River Village POA. "The designed location is less than 2000 feet away from the nearest homes in San Juan River Village and in the middle of a newly planned mountain bike trail system. The mining operation may create severe health, safety, environmental, wildlife and economic problems for the SJRV neighborhood and those who live near and travel on HWY 160 north of Pagosa and enjoy Jackson Mountain for recreation." An alternative location that is away from an established neighborhood and HWY 160 makes much more sense.
