First name: Sarah

Last name: Meitl

Organization: AK SHPO

Title: Review and Compliance Coordinator

Comments: -The last full sentence on p 3-146 doesn't make sense. "until" is likely a spell check error.

-All alternatives - assessing effects on an individual property basis is useful to help the reader understand the effects of the alternatives, but effects can also be cumulative. Numerous small effects can yield an adverse effect to the potential district or landscape, if it is determined eligible. Recommend noting that the proposed findings of effect for each alternative are preliminary and may change in the future.

-Cumulative effects p 3-152- All of the alternatives have potential to have cumulative effects to the district or other historic properties. The cited plans are not the only ones that can have cumulative effects. We recommend revising the last line on that page.

-P 3-152, line 4 - "...Regarding Heritage Program Management on National...", not "Heritage Program Manager"
