First name: Andrew

Last name: Downs

Organization: Appalachian Trail Conservancy

Title: Senior Regional Director

Comments: Thank you for the opportunity to comment. We have three items to consider:

- 1) Due to the immediate safety issue, we support the removal of the Overmountain Shelter
- 2) Given the deep attachment to this facility, we ask for the USFS to explore a mechanism for interested members of the public to retain a portion of the shelter for personal value.
- 3) We ask that the Forest Service utilize the ongoing Visitor Use Management planning process to determine what if any facilities are constructed onsite and if the nearby Stan Murray shelter would require an upgrade or relocation to address the demand for overnight accommodations created by the absence of the Overmountain Shelter.

Thank you for your consideration.
