Comments: I think this Jackson Mtn project to be an EXCELLENT addition to our community. As an avid mountain biker we desperately need more and better trails in the Pagosa district. These additional trails will not only be a welcome addition by adding more diversity to our local trail selection, but will also be huge at taking some of the burden and crowding away from Turkey Springs and Res Hill. Our trail system here is very beginner friendly, but we really need a much better selection of technical trails. I think this project is a good step in the right direction for that.
