Comments: I am writing to state that I am opposed to this project. There is no enough relevant information published to answer all my questions. I would like to know where is it coming from and how much water use is going to be needed for this mining enterprise. What roads are going to be impacted and will repairs be made by the company if needed? How will it affect wildlife? How will it impact homeowner's near the drilling sites? How much noise will there be? How much pollution to the groundwater? How will pollution be mitigated? These are some of the questions I would like to see answered. Is ill be at the meting on 2/16/23 and hope to have these answered then. Thank you
