Title:

Comments: I urge you to block construction of the Mountain Valley Pipeline in the Jefferson National Forest. We cannot bury a natural gas pipeline AND protect the environment or the people or species that depend on it. This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan. Thank you.
