Comments: Greetings, I live in a beautiful part of our country, and I'm lucky; we are not at risk for pipelines (as yet). But I also know Appalachia, have traveled, and worked there. It's a precious part of our country and our heritage. I'm writing to urge the blocking of construction of the Mountain Valley Pipeline in the Jefferson National Forest. This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan. Thank you.
