Comments:

We are the stewards of this precious planet and as such it is our responsibility to protect all of the land, the water, air quality, all flora and fauna and all living beings.

I submit these comments from 94702 urging you to block construction of the Mountain Valley Pipeline in the Jefferson National Forest. This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan.

Thank you for your serious consideration of my comments.
