Comments: Hello,

I am concerned about the many problems pipelines bring including disrupting the environment and threatening clean water sources. Please block construction of the Mountain Valley Pipeline in the Jefferson National Forest. This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan.

Thank you!
