Title:

Comments: I'm writing to urge you to block construction of the Mountain Valley Pipeline in the Jefferson National Forest.

This project has already severely damaged clean water sources across Appalachia, it is threatening local drinking water supplies and has resulted in over 300 environmental infractions.

Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan.

Thank you for taking the time to read my commen and best regards.
