Comments: Hello, I'm contacting you from 10027 urging you to block construction of the Mountain Valley Pipeline in the Jefferson National Forest.

This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. This has detrimental effects on residents who have access to this water and its destroying the earth.

Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan. Thank you.
