Comments: Hello, I'm contacting you from 22305 to express my strong opposition to construction of the Mountain Valley Pipeline in the Jefferson National Forest and to entreat you to block it.

This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. There is no reason to believe that it will not cause more damage and endanger more lives.

Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan.

Thank you.
