Comments: I'm writing to urge the USDA to BLOCK construction of the Mountain Valley Pipeline in the Jefferson National Forest.

This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. This project is contrary to the USDA's stated vision of "providing economic opportunity through innovation", "helping rural America to thrive", and "preserving our Nation's natural resources through conservation, restored forests, [hellip][hellip]"

Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan.

Thank you.
