Comments: Hello, I'm contacting you from Charleston, South Carolina urging you to block construction of the Mountain Valley Pipeline in the Jefferson National Forest. This project has already severely damaged clean water sources across Appalachia, threatening local drinking water supplies and resulting in over 300 environmental infractions. Please protect the Jefferson National Forest and select Alternative 1, the No Action alternative, and reject any changes to the Forest Plan. This is very important to me as a South Carolinian and a person who relies on the ecological services provided by the forest such as clean water and air. Thank you.
