Comments: Please do not log this area.

If the forest needs careful thinning, or controlled burning

burning for habitat diversity and well-being of the forest community, please hire skilled people, possibly from the Menonimee Lumber company who have a 125 years commercial experience exoerience.

Do not sacrifice the environment for the needsif commercial logging companies.

Do not sacrifice long term environmental and ecosystem, groundwater health etc for a short term shirt sighted profit.

Your grand children will thank you.
