First name: Mackenzie

Last name: Oliver

Organization:

Title:

Comments: I am writing to state my opposition to allowing motorized boats and the development on the western side of the lake. New trails are understandable, but larger development would reduce the natural beauty that would seem to be the point of visiting mendenhall lake. You don't always have to develop further, we've got something amazing and I'd like to keep it that way.

No amusement park please.
