Title:

Comments: 1. I am opposed to any boat launch areas/ piers, etc.

2. I would like the width of all proposed trails to be 8 feet maximum. I do not feel all the proposed trails need to be surfaced - a plain walking path is acceptable.

3. I prefer all the proposed trails be developed before all the other infrastructure/s are built. The locals are interested in using the trails now.

4. I find the parking arrangement for Alternative 7 to be suitable.
