First name: Gaye

Last name: Glasscock

Organization:

Title:

Comments: My name is Gaye Brooke Glasscock and my father, Don Brooke, built his dream cabin in 1983. He chose a beautiful, scenic lot at --- ----- . The view of the mountains, the crisp clean air, and the towering pine trees have been enjoyed by so many members of the Brooke family during the last 40 years. I cannot imagine this amazing and lovely scenery being ruined by 40-50 gravel trucks rumbling up and down the road five days a week so close to my home. Surely there is another location that doe not ruin the environment of the homes and properties of so many people! I am 100% against a gravel pit ruining the solitude and natural beauty of San Juan River Village.
