First name: greg

Last name: winters

Organization:

Title:

Comments: I own property in San Juan River Village. I do not want the noise and solitude destroyed due to the gravel pit.

This is a classic example of using public resources for private use, without regard for private individual rights.

This will cause untold disturbance to the national forest and it wildlife. This is our forest not some county/city or private company's.

I am also against the gate for biking on larkspur. It will be disruptive to our tranquility and peace. Increased traffic will cause road damage and the road is maintained by our metro not the county or forest service.
