Comments: I am writing to state my opposition to the gravel pit at Jackson Mountain. I believe this area better serves Archuleta County as a recreation area and the gravel pit and pollution that will go along with it such as noise and dust is not conducive to the area as it is used currently.

Please look for another area to mine gravel. I went to the public meeting and gathered information from all the tables and sources before making a judgement.

Thanks for your consideration,

Teddy Adler Finney
