Hi Chuck,

We have some questions; we hope you have the answers!

When will the public comment period end for this project? Can you provide a schedule for this project - ie when it officially started, timelines for public input, alternatives selection, decision, appeals. Also, who will sign off on this decision?

How has the public been advised as to the scope of the project that involves the Kentucky Falls Special Interest Area that contains the North Fork Trail and Kentucky Falls Trail? Have hiking groups have been contacted about their concerns to restore/improve these trails?

Posting notices soliciting comment on the bulletin boards at Sweet Creek, PAWN, Sutton Creek, and, of course, Kentucky Falls would be one good way to contact the public about this project. The Siuslaw National Forest Facebook page could also inform and ask for responses.

Thank you

Mark & Jim - Siuslaw Trailblazers
