Title:

Comments: I am deeply concerned with the damage that all the logging trucks will cause on Townsend Brook Road and Upper Michigan Road in the Town of Pittsfield. Also how long will there be a disruption to these roads while they are used for commercial logging? These roads are not designed to handle that traffic. As a taxpayer, I don't want to see my taxes going to repair those roads damaged by commercial loggers. They should be made to pay for any damage. Just last year, tree trimming trucks caused damage to Lower Townsend Brook Road and Tozer Hill Road in just one day that required our road department to spend a full day repairing the damage. To my knowledge, the town was never reimbursed for those damages.
