Title:

Comments: I want to object to the clearcutting that is proposed along Townsend Brook in Pittsfield. I live across from the brook and frequently hike, bike and snowshoe along Townsend Brook Road up to Chittenden. I am concerned that the clearcutting will require herbicides which at some point in my life will be found to be unsafe. Remember many of our herbicides at one point were considered to be safe. Lung Cancer runs in my family, and I am susceptible to many chemicals, dust, and sand in air and water. While I do not fish in the stream, I have many friends who do.
