First name: Charles

Last name: Allen

Organization: Rogue Snowmobilers

Title: President

Comments: I understand the need to thin the timber. But this is a multiple use area and snowmobiling is a vital use that generates needed money to the local economy. In southern Oregon when logging is to be done during the winter the Forest Service has the logger maintain a snowmobile trail along side of their needed access road. Over the years this has worked out for all concerned.
