First name: Kinley

Last name: Tener

Organization:

Title:

Comments: As a Resident of Rochester, I appreciate the work of all of our Federal, State, and Municipal Public Servants.

Please continue to use science based approaches to managing the Telephone Gap IRP, for the maximum benefit to the People, Ecologies and Economies of Vermont and our Guests. I personally enjoy and contribute to our Natural Resource treasures by Bike, Ski & Boat, and welcome everyone to find time to enjoy the outdoors their own favorite way.

Thank you for your service.
