Comments: After reading a number of letters in support of this project, I did some research. The form letter many are using supports the trails and hut part of the project. But the sites referring people with this text does NOT mention any logging activity that comes with this project. I feel many people are being fooled into submitting a letter of support for trails and recreation not thinking they are also supporting a huge logging project into old growth forest. Please only use these letters as support for trails and huts. Not logging
