First name: Fernando

Last name: Trevino

Organization:

Title:

Comments: I am a veteran and a member of the Heroes Project who has participated in the annual Mt Baldy climb. The Heroes Project annual hike serves as great example of how to enjoy the beauty of Mt. Baldy forest area in a safe and secure manner. I have seen for myself first hand how the Heroes Project organization has enhanced the lives of veterans and their family's by conducting these events. I believe there are no detrimental environmental affects to the proposed site, on the contrary I believe the Heroes Project at Icehouse Canyon (#62990) will only serve to benefit the Mt. Baldy Forest area for all hikers from all walks of life. I highly endorse the proposal and hope the US Forestry Service will allow the permit to be issued.
