Comments: I strongly urge rejection of the Telephone Gap Integrated Resource Project #60192.

This logging sale has been condemned by 120 environmental organizations. It sets back climate mitigation efforts and contributes to more carbon in the atmosphere.

It is a violation of the wilderness and old growth forests which will be decimated. This impacts iconic Vermont wilderness, including the Long Trail and the Chittenden Reservoir.

As someone who spent my youth hiking in Vermont , I urge you to please do the right thing, for Vermont and the Earth.

Thank you.
