Title:

Comments: I am a resident of Massachusetts however avid hiker of all areas in New England and beyond . I am opposed to the huge elimination of trees , many of them old growth, contained in Telephone gap logging project . Removal of these beautiful healthy trees will have deep impact on the animals, flora fauna, and overall environment of our New England area. I asked that you do not move forward with this project as it will create lifelong damage to the quality of life . Respectfully, Andrea Fox
