Title:

Comments: "A thing is right when it tends to preserve the integrity, stability, and beauty of the biotic community. It is wrong when it tends otherwise." Aldo Leopold

Disaster is inevitable if this project continues. I do not support the proposed Telephone Gap Integrated Resource Project and urge The Forest Service to halt progress on this endeavor. Vermont is a small state. This project will directly affect each and everyone of us who live here and will diminish the quality of life of humans and animals alike. We cannot afford to lose the forest that is proposed to be cut down.
