First name: Terry
Last name: Wilson
Organization: Ruffed Grouse/American Woodcock Society
Title: Board Chair Green Mountain chapter
Comments: Myself and the RGS/AWS Green mountain chapter fully support the plan to improve forest health and habitat within the national forest by implementing the proposed actions on the Telephone Gap section of the Green Mountain National Forest. This project is long overdue, and is critical to enhance our national forest for wildlife of all types and improve biodiversity for future generations to utilize and enjoy.

Sincerely,

Terry Wilson
Green Mountain Chair
RGS/AWS
