Title:

Comments: 92% of the areas proposed for logging in the Telephone Gap timber sale are classified as mature or old by the Green Mountain National Forest, violating President Biden's historic Executive Order from Earth Day 2022, which directed the US Forest Service to protect these forests for the benefit of the climate and biodiversity. Once an old growth forest is cut down, it's gone forever. Please protect the old growth forests of Telephone Gap for future generations and do not allowing logging.
