First name: Nicole

Last name: Kesselring

Organization:

Title:

Comments: We are in support of the expansion of recreational opportunities within the national forest. In nearby communities we have seen the opening of ski terrain and mountain biking, and we are in support of these activities within the Telephone Gap project area. We hope that the new forest service office along Route 4 can serve as a location for trail access like the Rochester office does. We are in support of the Velomont trail passing through the Telephone Gap project area.
