Title:

Comments: I am writing this public comment on my behalf a local Juneau area resident. I support Hecla expanding its tailings disposal at the Greens Creek North Extension Project. I support at a minimum Hecla's original proposal as well as the B-Road West Relocation 1 and 2. Hecla's Greens Creek Mine is one of our regions largest private employers, providing many good high paying jobs to local residents. I support helping the mine to keep operating as long as possible to help our local economy. I think Hecla has shown to be a responsible steward of the land it leases and it will continue to do so in the future with this expansion.
