Comments: I just want to say this has been a long time coming and will be a great benefit for the local economy as well as the local community.

A boost for the local economy in that out-of-towners as well as out-of-state folks will be spending money here in the Mena/Polk county area. Almost all current businesses will benefit from this, this will also help in bringing more businesses to the area.

For the community, this will give locals more opportunities for hiking, walking, and biking in our wonderful forests.

This will also give our youths a place to begin and advance not only their abilities but their health as well.

This is a win-win opportunity for the Mena/Polk county area and is much needed.
