Comments: Han Mitakuyapi (Greetings Relatives), as a fellow human being, mother, Dakota woman, I approve of the proposed mineral withdraw of the Rapid Creek watershed and surrounding area. In no way should we pollute watersheds with cyanide, arsenic, mercury, and other pollutants. I would encourage decision makers put themselves, their families, and grandchildren in this situation. It is hard to believe that we as a collective of human beings, dependent upon clean water, land, and air require a period to consider a decision that impacts our ability to live. It is a no-brainer - do the right thing people - pass the proposal and withdraw all mineral rights in the Rapid Creek watershed immediately!
