Title: Owner

Comments: As a business owner and resident of this area, I am very excited and hopeful that this project will be completed. It has so much potential to positively impact the greater Mena area from an economic and growth standpoint. I am also an outdoors enthusiast and know the health benefits of actively participating in outdoor activities. These trails would give residents of our area another option for outdoor adventures and give kids even more of a reason to get out of the house and away from screens. I believe this is one of the most exciting opportunities for our area that I have seen in my lifetime.
