First name: Elnora

Last name: Cameron

Organization:

Title:

Comments: As a resident of Wallowa County who works on the trails in the Hells Canyon NRA and the Eagle Cap Wilderness, I am concerned about the plans for the Morgan Nesbit Forest Resiliency project. I am especially concerned about 23 miles of new roads in these two areas, even small clear cuts (why clear cut, why not thin?). We do need to maintain the health of our forests - but for our use, not for commercial loggers.
